Social Media & Community Outreach Intern

Summary:

Community Partnership for Youth (CPY) provides consistent support in a safe environment for youth to explore and discover their potential, learn to develop values, character, life skills and responsibility. The prevention program looks at the “whole child” and provides many opportunities for them to be successful.

As a 23 year old grassroots organization we often consider ourselves the best kept secret in town...but we don’t want to be! CPY is looking for a passionate person to come be a part of our program, learn why we are still here today, and help promote the good work that we do.

Responsibilities include but are not limited to:

- Creating and implementing a strategic social media & outreach campaign.
- Planning and overseeing the development of CPY’s quarterly newsletter, the CPY Storyteller.
- Assisting in the upkeep of CPY’s website and blog.
- Obtaining digital media or stories to disseminate/share in various media outlets
- Spending time mentoring/tutoring CPY students.

General Knowledge and Requirements:

- Experience with managing social networks.
- Experience with web content management
- Must be willing to spend time working directly with CPY students & staff, and “learn” about the CPY program
