Venue:

The Middlebury Institute of International Studies at Monterey

The Middlebury Institute of International Studies at Monterey offers graduate programs that prepare professionals to provide leadership in cross-cultural, multilingual environments. Practical skills, collaborative processes, and innovative approaches are defining features of a Middlebury Institute education. Middlebury Institute learners are problem solvers and process masters, building sustainable, equitable solutions for a global community through our interdisciplinary blend of business, policy, and language.

Our campus is conveniently located in the heart of downtown Monterey - just a short walk to the beach. While often bustling with cultural events, the city maintains an intimate, small-town charm that cultivates a sense of community among students, faculty, and locals.

The Irvine Auditorium

The Mc Cone Building is home to the Irvine Auditorium (the nexus of most campus events). The auditorium has four simultaneous interpretation booths at the back of the auditorium that are often used by Interpretation Practicum students during live events.

MG 102

MG 102 is an auditorium-style classroom in the McGowan Building. This building, located on Pacific Street in downtown Monterey, houses lecture classrooms on the first floor. MG 102 has one simultaneous interpretation booth, which is also used during live events.

Please see the campus map on the following page for more information.
