Graduate Research Assistant Position for MIIS students

Title: Graduate Research Assistant (GRA)
Hours: Part time: up to 20 hours/week. Starting wage: $9.00/hour
To Apply: Please send your resume, short writing sample, and cover letter specifying language skills and topics/regions of interest to Eduardo Fujii at efujii@miis.edu

The James Martin Center for Nonproliferation Studies (CNS) is one of the largest nongovernmental organizations in the world devoted to research and training on nonproliferation issues. The center's mission is to combat the spread of weapons of mass destruction by training the next generation of nonproliferation specialists and disseminating timely information and analysis.

GRAs will have the opportunity to work with CNS experts on various nonproliferation and arms control issues. Work involves:

1. Editing, updating, and drafting content for databases, website publications, fact sheets, and analytical issue briefs
2. Video editing and computer animations
3. Geospatial analysis and/or 3D modeling

Required Qualifications:

- Excellent writing, editing, and researching skills in English;
- Excellent coordinating and organizing skills;
- Proficient in Microsoft Word and Excel,

While not required, the following qualifications are also desirable:

- MANPTS/Nonproliferation or Certificate student;
- Knowledge of and experience conducting research in the WMD nonproliferation field;
- Video editing (Final Cut Pro/Adobe Creative Cloud)
- Familiarity with 3D modeling using SketchUp
- Familiarity with geospatial imagery analysis using Google Earth
- Familiarity with computer animation
- Familiarity with social media and WordPress
